## Conferencing & Meeting Services

“The fact that Group Unity is saving us over 55% off our conferencing bill is a strong validation of their value-add.”  
— IT Consultancy

“The quality of the service was excellent...”  
— Non-Profit Health Org

“Group Unity not only helped us with all our requirements, but they also saved us money...and got us set up in the blink of an eye.”  
— Innovation Consultancy

“Things are going great with the web conferencing service. We can conduct more sales demos than before since we don't have to spend time and money traveling.”  
— Software Company

### Company

**Group Unity is your one source for all conferencing, streaming and meeting needs.** We are an advisory company with multiple vendor relationships across several service categories — over 30 offerings to date. Our approach enables us to recommend and provide a mix of services that fit your specific organization.

We're great at helping cut costs; the real benefits though come from reaching more customers, reducing wasted time, improving organizational communication and ultimately creating teams that work more cohesively. Contact Group Unity today — **consultations are free.**

### Group Unity Advantage

**Advice.** Group Unity focuses on successful communication as the goal and spans providers, services and methods to help our customers.

**Breadth and choice.** Why look at just one service or platform, when you can look at them all? Group Unity is unique in the industry in allowing a customer fast one-stop access to so many services.

**A relationship — not a transaction.** We work with our customers to ensure that they are maximizing the value of any Group Unity service. We strive to become a trusted meeting/communications advisor to your organization.
